Question 1

Use a first level header for each question.

Part A

Use lower level headers for thematic parts.

Part B

Use numbered lists for specific parts of each question:

- i. Response to part one. Maybe reference supporting tables and graphs.
- ii. Response to part two.

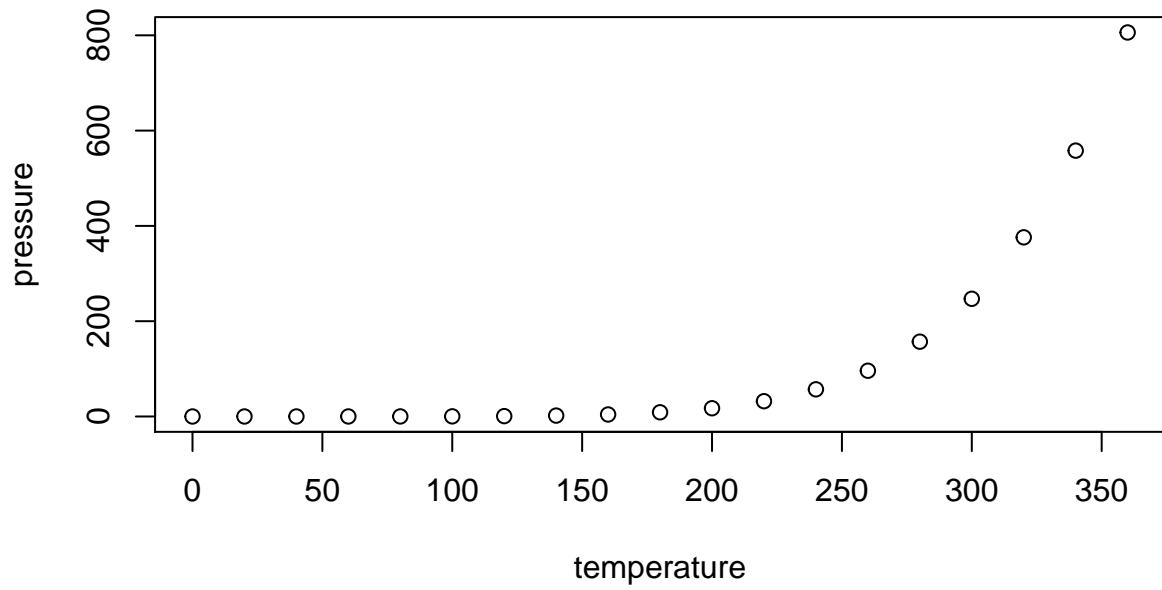

Figure 1: *Title*. All of figures and tables should be numbered, titled and have a descriptive caption.

Question 2: Including Plots

Please start each question on a new page.
